

## What your child needs for preschool. . . .

- Comfortable, easy to put on, clothes; that you won't mind getting dirty. We do get dirty. . . .
- A full change of clothes; it's easiest to place them in a labeled zip-lock bag, and keep them in the backpack (being mindful to change the clothes with the changing seasons).
- Comfortable shoes/sneakers with socks (to keep the playground sand out of their shoes). Please no sandals/shoes with holes. . . .we often go for nature walks and get held up when nasty things get into cute toes!
- A labeled backpack that can house: a labeled snack box, a labeled spare change of clothes and any artwork due to come home.
- A "snack" box, peanut-free, treenut-free, egg-free, and dairy-free snacks, with a small bottle of water.
- Sunblock and bugspray already applied before school begins.
- Thank you!!!
